MISCELLANEOUS.

YOUNG MEN

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. **Dr. SPINNEY** will guarantee to forfeit $500 for every case of seminal weakness, or private disease of any kind or character, which he undertakes and fails to cure. He would therefore say to the unfortunate sufferer who may read this notice that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage; remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its ill effects, remember that if you persist in procrastination the time must come when the most skillful physician can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave. Full coarse of treatment $25. Send money by Post Office Order or Express, with full description of case. Call, or address,

SATURDAY,.....OCT. 2, 1875.

NEWS OF THE MORNING.

The Bank of California resumes business to-day.

The Farmers' and Merchants' Bank of this city commenced operations yesterday with full trays. There was not the slightest run, and when the Bank closed, at 4 o'clock, the books showed that three dollars had been deposited for every one drawn out.

One thousand Turkish troops are concentrated on the frontier of Servia, and a collision with the Insurgents is imminent.

The New York *Spirit of the Times* has changed proprietors, E. Black, of Buffalo, succeeding Geo. Wilkes.

The Anglo-Chinese trouble is assuming formidable dimensions. The British Minister was to leave Pekin yesterday if his demands were not acceded to.

The Department at Washington has been formally notified that the Indians on the Alyea and Siletz Reservations, Oregon, are being removed to lands set apart for them North of Salmon river.

Generals Chilton and Ould publish letters fully exonerating Jeff. Davis from any knowledge of the Andersonville outrages.

A special from the Red Cloud Agency says the Council closed on the 29th with the abandonment of negotiations by the Commissioners.

Jacob Richards, of Sacramento, fell into China Slough yesterday and was drowned.

Seven car-loads of emigrants arrived at Sacramento yesterday.

The New York *Herald* comments editorially on the action of the Anglo Telegraph in increasing its charges again to one dollar in gold per word. It says that the burden is none the more agreeable because it is imposed by a company that has risen on the cry of monopoly.

Commander G. S. Schultz, of the Navy Department, died in New York on the 28th ult.

The Stanislaus county fair closed yesterday with some fine racing.

Wm. Geller Jr., son of Dr. Wm. Geller, of the Monte, and brother-in-law of H. T. Hazard of this city, was thrown from a stage in Santa Monica last evening and seriously injured.

Governor Bradley, of Nevada, is lying dangerously ill at Elko.

At Rome yesterday Cardinal McClosky took possession of his title in the church of Santa Maria. Many Americans witnessed the ceremony.

In San Francisco J. Berry is on trial for the murder of his father.

The capital stock of the London and San Francisco Bank is to be increased from $3,000,000 to $5,000,000 on the first of January.

President Grant was in Omaha yesterday.

The telegraph gave a batch of Indian rumors last night.

The banking house of Percy S. Wilson, of Cheyenne, suspended yesterday.

The lumber firm of Shepard, Hall & Co., Boston, failed yesterday, with liabilities of $1,000,000.

Beecher will preach in Plymouth Church to-morrow.

A severe storm raged on the coast near New York yesterday.

Willard Carpenter, of Evansville, Ind., has given $500,000 for an educational institution.

AMONG the most prominent aspirants for the position made vacant by the resignation of Mr. DELANO is Gen. E. T. BEALE, an old Californian, whose great sheep ranche at Tejon Pass is of world-wide notoriety. He was once Surveyor General of California, and is now a resident of Washington.

IT is said that Gen. SHERIDAN'S visit to the Pacific Coast was due to anticipated Indian outbreaks in the North-western Territories. It is claimed that many circumstances point to a general Indian outbreak having its centre in the Black Hills, on the approach of the next Spring, and it therefore seems necessary to establish strong military posts. This is plausible but not probable. Little Phil is the faithful henchman of GRANT and his trip here doubtless has some hidden object connected with future political movements.

A female flourishing under the appellation of Mrs. SAWYER, with the affix, "the spiritual wonder," is performing in San Francisco to small audiences of dupes. Her programme as given in the *Alta* is precisely the same as that of the three brothers whose names we cannot now recall, who created at first such a sensation making many converts to spiritualism and who were afterwards exposed as unmitigated frauds, and driven out of several places. We thought it was too late for any one to attempt the oft exposed rope tying tricks, and armoir mysteries. She will probably be followed by a confederate who will charge fifty cents for showing how the tricks are done.

Cheap Labor.

The end of the great strike at Fall River Massachusetts, involving 15,000 operatives in the cotton mill around the city, though a partial victory for the mill owners, by no means indicates a conquest of capital and labor. The laboring classes of New England have before taught lessons to their fellow laborers throughout the world, and long since induced a respectful regard for their rights on the part of the rich. In the New England and the Middle States the issue has not been exactly one between muscle and money. The laboring element there has amassed considerable wealth, and oppose capital with capital. The Savings Banks in these States hold about one thousand million of dollars deposit, belonging mainly to the lower and middle classes, an amount greater than the combined deposits of all the National Banks in the United States. Strange as it may seem the bulk of the available money in that section belongs to the working public They are therefore able to maintain their rights successfully. The laborers of England, following she example of their brethren in the New World, within the last few years having fortified themselves by savings, gained an easy victory over their employers, and the rate of wages in almost all the great manufacturing industries has been advanced to a fairer basis. It is the wealth of the laboring class in California that gives them their independent position, and enables them to command good wages The Savings Banks of this State hold deposits of $73,000,000. The eighty thousand depositers in these institutions are laboring men, and are so strongly fortified that they feel not the power of the capitalist. The truth is they are the capitalists when it comes to ready money. While low wages might be advantageous to particular parties in many lines of business yet it will scarcely be claimed that the present condition of our commonwealth is not far preferable to that of those States where there is a liberal supply of "pauper labor." Our children instead of being brought up in idleeness are taught habits of industry and economy. The boys grow up more useful men, and the girls healthier women and better wives.

"Tackling" A Mother-in-law.

Our prophetic soul long since whispered that the proud genius of man, that had conquered disease, chained the winds, robbed the ocean of its strength, annihilated time and space, and soared with the American Eagle to the blue empyrean, would some day invent an effectual safeguard against mothers-in-law. We have long had too exalted an opinion of the future of our race not to believe that—:

The typical mother-in-law;
With the terrible tongue and the flexible jaw;
With the eagle eye and avenging claw;
That tells of all she heard and saw;
That has the habit of whispering loud,
And making it sultry for all the crowd.

would some day be shorn of her terror, and become a valuable member of society. It is true that all the efforts to escape the infliction for the six thousand years have proven abortive. Neither time, nor space, nor light, nor depth, nor disease, nor misfortune, have heretofore availed the unfortunate benedict. In wealth the mother-in-law clings to him with pathetic tenacity, and the most wretched poverty cannot drive her away. She defies the perils of the deep, and the horrors of the desert, to reach MARY JANE and console TOBIAS; and, worst of all, in these days of telegraphy and fast mails, unlike the gravity of the heavenly bodies, her influence is not inversed as the square of the distance. Thank Heaven! a remedy has been found to protect the peace of TOBIAS'S household. Indiana claims the honor of having invented the patent "revolving," "self loading," "back-action" divorce; and to her also belongs the glory of discovering an improved mother-in-law "gag." Mrs. HATTIE RUSSELL of Indianapolis sues JAMES H. RUSSELL for divorce. RUSSELL crosses the plea, and calls in mother-in-law SIMMONS to answer to a claim for $180,000 damage for destroying the peace of his home. Afflicted humanity in every clime will watch the progress of that case. Let the judge who presides consider well the vast importance of the question; let the jury reflect that to their hands is committed the happiness of thousands in every clime. Not only do many centuries gaze down upon them from the Pyramids, but the fate of unborn millions hang upon the issue.

Commenced at Last.

"Now by St. Paul the work goes bravely on." The city authorities now seem alive to the importance of preserving the health of the city by the proper sanitary regulations. The Council at its session Thrsday ordered the slaughter houses, tanneries and hide yards to remove beyond the muuicipal limits within ninty days. This, however, is not all that is necessary to be done. The privy vaults throughout the city are in a shocking condition, and are enough to breed pestilence. Let the ordinance regarding these be overhauled and enforced regardless of all opposition. The property holders are amenable to the law, and if they refuse to obey its mandates let them feel its penalties. Our city is growing rapidly and the uncleanliness and lack of system which has heretofore existed should be remedied. The health of the community is of vast importance, and the "slipshod" management of the past must give place to something more in accord with the necessity of the times. If the evil be suffered to go on much longer the condition of our metropolis will not be unlike the stables of Old Augeas, requiring the waters of a large river and the labors of a Hercules to cleanse it.

Financial.

In accordance with announcement in the HERALD, at ten o'clock yesterday morning, the doors of the Farmers and Merchant's Bank were thrown open for the regular transaction of business. As an evidence that the financial depression so severely felt in San Francisco has in no way affected the credit of the Farmers and Merchant's Bank nor shaken the confidence of the people in the safety of the establishment we may say that yesterday's business shows a deposit of three dollars for every dollar drawn out—the bank closing at four o'clock with several thousand more coin than it opened with in the morning. This is a gratifying showing and evinces the confidence of the people of this city and valley in the stability of the bank and the integrity and responsibility of its stockholders.

SAN FRANCISCO, Oct. 1.—The celebration of the Jewish New Year was marked yesterday by special services in the synagogues at 9 A. M., and by a general suspension of business, throughout the day. Sansome and Front streets had a Sunday appearance and drowsiness, and calls festive, reunions and family gathering opened up unlimited enjoyment for the chosen people.

Word was brought to the Coroner's office at 6 o'clock last evening that William Lee, Third Sergeant of the Montgomery Guard, Third Regiment had been accidently shot, it was supposed fatally, at rifle range, in a ravine near St. Mary's College. Deputy Coroner Phillips proceeded to the locality and got the following particulars: Deceased was tending target. The marksmen were W. Burns, of the Emmet Guard, James Ryan, John Matenson and Michael Fagan, of the Montgomery Guards, John Mitchell, of the Meagher Guards, and two others. The distance was two hundred yards. Alongside the target, and altogether too near it, was a bulkhead behind which the marker retired during the firing, so that when he stepped out his body was in front of the target. Fagan had fired and Lee came out, marked the shot and stepped back to get a paster to cover the bullet hole. It was supposed he had finished, and Burns prepared to shoot. Lee stepped out with the paster on his thumb just as Burns fired. The ball struck him in the left breast and went out under the right shoulder. Deceased formerly kept a saloon under the Irish-American Hall. He was 56 years old and owned considerable property. He leaves a wife and three grown children, Burns is greatly shocked at the unfortunate result of his shot.

"This bank will be open for business on Saturday morning, the 2d day of October, at ten o'clock. D. O. Mills, President." The above card announcement of the opening of the opening of the Bank of California appears in the papers to-doy.

There is a good deal of talk on the streets about absconding Pinney's operations in connection with the Navy Paymaster's dept. The rumors take different shapes, it being stated here that Pinney embezzled from $700,000 to $800,000 of government funds and then that the fraud is not nearly so large and was committed, not against the government but against private parties. Paymaster Spaulding positively denies the government is loser a single cent by the absconder's operations but he admits that he knows something of frauds which he fears are extensive committed by Pinney upon private parties. He declines to speak on the subject however, giving as a reason that he does not feel at liberty to do so.

The capital stock of the London and San Francisco Bank will be increased from $3,000,000 to $5,000,000 on the 1st of January.

The executive committee of San Francisco stock and exchange board met to-day and resolved that the board room shall open for the transaction of regular business on Tuesday next at 4 A. M.

EASTERN NEWS.

Failed.

BOSTON, October 1st.—Shepard, Hall & Co., lumber dealers, it is reported have failed. Liabilities $1,000,000. The Boston banks hold nearly $1,000,000, Montreal Bank $200,000, and another bank in that city $100,000. The failure was caused by depression in the lumber trade.

Shipwreck.

SAVANNAH, Ga., October 1st.—The ship Valley Forge, Capt. Ames, from Edenberry island, laden with guano for this port, struck on Stone Horse shoals, four miles South of Tybee island, at 10 o'clock to-day. Tugs have been dispatched from Savannah to her rescue.

Another Failure.

BROOKLYN, October 1st.—Peter Benton, furniture dealer, of Grand street, has failed for, it is said, $30,000. His principal creditors are the Wakefield Rattan Co., Boston, McCleans & Co., Boston, and Bent Bros. & Son, of Garner, Mass.

Beecher—Jay Gould.

NEW YORK, October 1st.—Beecher will preach in Plymouth church on Sunday.

Jay Gould, Sydney Dillon and several other Union Pacific directors left for the West this evening to examine that road and make necessary improvements.

Virginia City News.

VIRGINIA CITY, October 1st.—Cummings, arrested for defacing show windows on C street a few days ago, was found guilty in the Justice's court last evening and sentenced to 180 days imprisonment in the county jail.

A private dispatch from Elko states that Goot Bradley is lying very ill in that place.

Col. Abe Edginton, of this city, formerly Superintendent of the Union Mill and Mining Co., is lying dangerously ill in Sacramento. But slight hopes are entertained for his recovery.

A. J. Ralston has resigned his position as agent of the Bank of California in this city, and J. P. Martin, formerly Cashier of the agency here, has been appointed instead. Mr. Ralston will remove to San Francisco soon, as his duties in settling up his brother's estate, also that of the late Thomas H. Selby, will require all his time. The intended departure from this city of Mr. Ralston has occasioned universal regret.

How Arizona Looks.

THE following short article, from the Arizona *Citizen* of the 18th, will give our readers a better idea of the great and rising Territory on our South-Eastern borders, than could whole volumes of the usual descriptive writing:

The popular notion years agone that Arizona was a parched up section, is being rapidly dispelled, and the successful growth of all sorts of vegetables and grains and domestic animals, is acknowledged far and wide. People arriving from California, where the grass is all gone and the earth parched and cracked, are pleasurably surprised at the dense growth of green grass upon every side. Three-quarters of Arizona is to-day covered with a crop of new grass. Stock is very fat and the grasses here are good when dry. But the fact is that rain falls nearly every month in the year, and in four to five it pours down every week or two. July and August just passed, have been noted for the frequency of rains, several of which have been regular "soakers."

The Homicide of Giles.

The San Bernardino *Times* of Tuesday has the following account of the killing of John Giles:

This morning, George Hall, a son of Col. Hall, the railroad contractor, came into town and gave himself up to the authorities, stating that he had killed a man by the name Giles af the railroad camp, near the San Jacinto meuntain. He had an examination before the District Judge and was discharged on the ground of self defense. If seems that the deceased Giles, who is well known in this place, kept a saloon at the camp, and was not on good terms with young Hall, who was also engaged in the same business. Last evening, about 8 o'clock, Giles attacked him with a shot gun, when Hall shot him instantly. From what we can learn, Hall seems to have been justified in doing what he did. Probably a coroner's inquest will be held other facts may come to light. Hall returned to camp this afternoon.

In Wednesday's issue we find:

Last evening the body of Giles, who was shot at the railroad camp by young Hall, was brought into town by frieuds of the deceased for the purpose of having an inquest held. Coroner Rogers found the body in such an advanced state of decomposition that it could not be kept, aud he had it buried at once. We learn that the homicide occurred in San Diego county. From all the facts which have been stated by those who witnessed the sad affair, it appears that Hall was compelled to kill Giles to save his own life. Several shots were fired by both parties.

CAST IRON SEWING MACHINES
Is what some of our sewing machine agents are pleased to call the
REMINGTON
SEWING MACHINE.

Perhaps they may wish a harder name for them when their merits are fully known to the people of Southern California. Though hardly three months since its introduction in Los Angelee, it has already become a *pet* machine, and in ease in running and perfection in construction it stands unrivaled. In the Eastern States it has already taken the front rank in sewing machines, and is fast taking the place of the older and harder running machines.

In the manufacture of their family machines they have increased from 49,000 to 85,000 in the past four months, and to-day with their large facilities for turning out 250 machines per day, the Remington folks are 2,000 behind in filling orders and are obliged to enlarge their works. se29 tf

In the manufacture of their rifles, revolvers, agricultural implements, type writer, etc., their name has become a synonym of perfection in work and material, and everyone knows when it bears the stamp of Remington it is good and up to—not behind—the times.

Do the Singer folks base the merits of their machines upon the sales of former years, the Remington base theirs upon the merits of their machine as it stands to-day, and are ready to try it against any machine in the market.

A. M. JANES,
General Agent for Southern California,

MRS. DALY,
AT THE "WHITE HOUSE,"

WONDERFUL
ARITHMETICAL CALCULATION!
A Sewing Machine Factory Turns out One Hundred Machines per day More than it is Capacitated to Make!!!

THE SINGER M'F'G CO'S Sewing Machine Agent has no doubt that the Remington agent justly anticipates harder names for his "pet" machine when it is understood that it is neither "The Singer Improved" nor an "improvement on the Singer." By referring to one of our dailies I find that this soft, noiseless, "pet" machine has been introduced into Los Angeles at a much earlier date than the agent states. (This may be owing to a defect of memory).

The Remington agent has made a rather startling statement to the public in his latest advertisement to this effect—that the Remington S. M. Co. in the manufacture of their family machines have increased from 49,000 to 85,000 in the past four months, and in the same paragraph says that the factory is only capacitated to make 250 per day; thus allowing every working day during said period I find that he gives the "Remington folks" credit for 100 machines more per day than the Factory, with all its "large facilities," can produce—a pretty hard strain ou the most fertile imagination.

The Remington Agent asks the "Singer folks" a very important question, namely: Do they base the merits of their machines upon the sales of former years? As I am the only representative of the Singer Mfg. Co. in this county I shall answer the question. The Singer Mfg. Co. points with just pride not only to their sales in the past but also to the fact that those sales have constantly increased up to the present. I hold to the rule that the comparative sales of a machine constitutes a correct criterion of its merits and a true index of its popularity.

I shall have no difficulty in tracing back the history of the Singer Sewing Machine, for

It Never Changed its Original Name,

And in showing from the best authenticated public reports that it excels all others for all purposes, I will only go back to the year 1871. in that year the Singer Mnfg. Co. sold

181,260

Machines. In 1872 they sold

219,758;

In 1873 their sales reached

232,444,

And the authenticated report for the year 1874 (the latest obtainable) shows that the

LATEST IMPROVED NEW FAMILY SINGER MACHINE

Stands Unrivaled on this Continent.

The following is a correct statement from said report:

THE SINGER MANUFACTURING CO.
SOLD
241,679 MACHINES;

Wheeler & Wilson Mfg. Co.	92,828
Howe S. M. Co.	35,000
Domestic S. M. Co.	22,700
Weed S. M. Co.	20,495
Grover & Baker	20,000
Remington-Empire S. M. Co.	17,608

"If the number sold of any machine be a criterion of its merits, The Singer carries off the palm."

OFFICE OF CHARLOTTE CONsolidated Gold Mining Co.—The property of this Company, after considerable development, has yielded returns beyond their expectations, and every indication thus far points to a still more valuable result. The various and reported assays and the result by amalgamation prove that there is ore yielding from $30 to $400 per ton, and the Company feel themselves watranted in the statement that these mines are permanent and valuable ledges. In view of those facts they have authorized the sale of a very limited amount of stock, for working capital, at $5 per share. The development of the property will inevitably result in the employment of a number of men in the district in which they are situated, and in the end build up a camp of no inconsiderable size, the supplies for which must be drawn from our midst. The Directors feel themselves justified in recommending this stock to the confidence of the business mon as well as to the general community of Los Angeles.

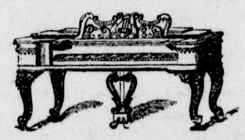

Stock can be obtained of the Treasurer, Mr. C. F. Heinzeman, or of the Secretary at the office of the Company, or by application to Messrs. Bartee & Gates, Brokers, 8½ Commercial street. T. S. STANWAY, President.

He called a police officer a liar and escaped without a fine, only having his head punched when he reached the street. Whether the punching hurt more than a $5 fine we do not know.

The Main Street Sewer.

The following protest of property owners against being taxed for the Main street sewer was filed at the City Council meeting on Thursday evening:

To the Honorable the Common Council of the City of Los Angeles:

The undersigned citizens and property owners on Main street would respectfully represent that they consider that they are not properly treated by being required to construct a sewer, which must be considered a main sewer, and must be the conduit through which a large portion of the city will be drained. It has now double the capacity of what is called a main sewer in Los Angeles street, and which was constructed at the expense of the city at large, and with which the most valuable property on Main street is now connected and at great expense to individual owners.

They would also respectfully represent that the price paid for this sewer is fifty per cent. greater than the bids made by other competent parties, by reason of your honorable body requiring what we consider extravagant bonds, when smaller bonds for the work, block per block, would fully protect the interest of the city.

As the work is now done—hastily put together in green mortar—it is immediately covered up with twelve or fourteen feet of damp earth. so that there is no possible means of ascertaining its durability, soundness or workmanship.

The taxation falling on the citizens of Los Angeles for State, county and city purposes, with additional extra levies for school purposes, will approximate four per cent., a serious cause in itself to alarm our citizens already here and to those who desire to fix their destiny with us. The citizens on Main street, with grades and sewers proposed, in a year of scarcity and depression, look on as if confiscation were contemplated.

Your honorable body are respectfully solicited to grant relief, as you have the power to either levy an assessment on all properties benefitted by this sewer, or let the city pay one-half the cost of its construction.

Connections have already been made from the summit of the hills West of Main street and must necessarily connect with the sewer we are called on to construct at our own expense.

Therefore, in consideration of the reasons above set forth, we do respectfully ask for relief and protection at your hands, and as in duty bound will ever pray.

Success the Test of Merit.

Of all the standards for testing merit none is more reliable than success. Success in art, in science, and in business of every nature, implies merit; and the greater the success the more extraordinary the merit. These reflections are occasioned by witnessing the success attending the peculiar treatment of specific diseases by the eminent physician and surgeon, Dr. Aborn. A visit to his rooms, which are filled almost constantly by patients, will furnish proof that his mode of treatment is not only popular, but that it is peculiarly efficacious.

The Doctor's skill in speedily getting at the diagnosis of a disease, and the confident manner in which he treats his patients, unmistakably indicate that he is a scientific and experienced practitioner. His pretensions are backed by solid acquirements, and the volume of certificates of skill, acquired during his short residence in this city, is sufficiently potential to prove him an able and accomplished physician and surgeon. Few, if any, men of his profession have been so uniformly successful in their practice. The testimony in favor of his mode of treatment for diseases of the eye and ear, catarrh, and diseases of the throat and chest, is so overwhelming that all that will follow will only be cumulative. His reputation is sufficiently established, and it is extending rapidly to remote towns and cities, as is evidenced by the arrival of a large number of patients from a distance.

The White House.

Strobridge the new proprietor of the White House has made a wonderful improvement in that popular lodging house. These imprvements have been done in the most modern style, and with the co-operation of Mr. Schumacher the landlord. The first act of Mr. Strobridge after getting the house was to give Messrs. Dotter and Bradley a carte blanche for Brussels carpets, marble chamber sets and elegant parlor furniture, which decked the White House out from the bridal chamber to the lodging rooms. At present there is no house in the city more elegantly furnished and no rooms more comfortable or better ventilated. Everything is as complete as paper, paint and furniture can make it. Single rooms or suits can be rented at a reasonable figure and if board is wanted there is a commodious dining room where the delicacies of the season are served up at each meal. we can heartily recommend the White House and Strobridge, its proprietor to all needing a hotel.

A sad accident occurred in Santa Monica last evening. As the stage was turning the corner of a street, William Geller Jr., son of Dr. Wm. Geller of the Monte and brother-in-law of H. T. Hazzard of this city was thrown from the top and instantly killed.

LATER.—The above is the first story. The second, which we get from Mr. J. J. Reynolds, who was near the scene of the accident at the time of its occurrence and received his facts from a passenger by the stage, places a different and more hopeful phase on the matter. The accident occurred two miles from Santa Monica. The team —six horses—were frightened by the locomotive and ran away. The coach ran against a telegraph pole and was upset, catching young Geller under it. He was not instantly killed. He was not dead at last accounts, and it is hoped he is not fatally injured. The driver of the stage, Mr. Harper, was also slightly injured.

CREED.

I believe, if I should die,
And you should kiss my eyelids when I lie
Cold, dead and dumb to all the world contains;
The folded orbs would open at thy breath,
And from its exile in the Isles of Death,
Life would come gladly back along my veins.

I believe, if I were dead,
And you upon my lifeless heart should tread
Not knowing what the poor clod chanced to be,
It would find sudden pulse beneath the touch
Of him it ever loved in life so much,
And throb again, warm, tender, true to thee.

I believe, if on my grave
Hidden in woody deeps, or by the wave,
Your eyes should drop some warm tears of regret,
From every salty seed of your deep grief,
Some fair, sweet blossom would leap into leaf,
To prove death could not make my love forget.

I believe, if I should fade
Into those mystic realms where life is made,
And you should long once more my face to see,
I would come forth upon the hills of night,
And gather stars like faggots, till thy sight,
Led by their beacon blaze, fell full on me.

I believe my faith in thee,
Strong as my life, so nobly placed to be,
I would as soon expect to see the sun
Fall like a dead king from his heights sublime,
His glory stricken from the throne of Time,
As thee unworth the worship thou hast won.

I believe who hath not loved,
Hath half the treasure of his life unproved,
Like one who, with the grape within his grasp,
Drops it, with all its crimson juice unpressed
And all its luscious sweetness left unguessed,
Out from his careless and unheeding clasp.

I believe love, pure and true,
Is to the soul a sweet, immortal dew,
That gems life's petals in its hours of dusk;
That waiting angels see and recognize
The rich crown-jewel, Love, of Paradise,
When life falls from us like a withered husk.

—[Mrs. Gideon Townsend.]

A REMARKABLE CURE OF DEAFNESS.

Sworn and Subscribed to Before A.W. Potts, Esq., County Clerk.

STATE OF CALIFORNIA, County of Los Angeles, } ss.

On the first day of October personally appeared Joseph Wild, the undersigned, before me, A.W. Potts, County Clerk, who, being sworn, deposeth and says:

I have been deaf in my left ear for nearly two years; could not hear a locomotive whistle when close to it; I think my deafness was caused by exposure in sleeping out at night while teaming; have frequently heard of Dr. Aborn's great success in the treatment of such cases; I had been endeavoring to make arrangements to visit him at San Francisco for the purpose of placing myself under his treatment; I finally made arrangements to visit San Francisco the last of October, but fortunately for me the Doctor arrived in Los Angeles about one week ago; I called on the Doctor at the Backman house yesterday and submitted myself to his treatment, and to my great joy and surprise he has, within twenty-four hours, restored my hearing, so that I can now hear distinctly conversation across a large room; I can hear an ordinary watch tick quite a distance faom the ear; my hearing has been so suddenly restored that the noise of wagons and the bustle on the streets seem to me unpleasant at first, as would naturally be expected after having been totally deaf so long; Dr. Aborn's operations caused no pain or unpleasant feeling whatever; Major Hancock, Andrew Joughin, blacksmith on Aliso street, Mr. Smith, contractor on the L. A. & I. railroad and the overseer of that road, and a hundred or more other persons in Los Angeles know how sadly I was afflicted with deafness; hoping that the publication of the facts concerning my case may be the means of informing others where they can be cured, is my sole object in giving this testimonial; I make my home in Los Angeles, and am engaged now in teaming across the river; my business is teaming; I am now grading across the river.

Anecdote of a Bereaved Husband.

A destinguished ex-Governor of Ohio, famous for story-telling, relates that on one occasion, while addressing a temperance meeting at Georgetown, District of Columbia, and depicting the misery caused by indulging too frequently in the flowing bowl, his attention was attracted by the sobs of a disconsolate and seedy-looking individual in the rear part of the room. On going to the person and interrogating him, he was told the usual tale of woe; among other sad incidents that during his career of vice he had buried three wives. The Governor, sympathized deeply with the inebriate, and consoled him as much as was in his power. Said he: "The Lord has indeed afflicted you." "The mourner sobbingly replied:" Yes, yes, he has," and pausing a moment, and wiping his nose, he continued: "But I don't think the Lord got much ahead of me, for as fast as he took one away I took another."

Two young bloods of El Paso, Ill., aged respectively eight and ten, drew pistols on each other, the other day, in a quarrel about a girl tinier than themselves.

Testimonials from well-known prominent Congressmen.

From Hon. James A. Johnson, ex-Member of Congress, Cal.

WASHINGTON, D. C., Feb. 21st, 1869.

TO WHOM IT MAY CONCERN: Having been a sufferer from catarrh and a severe bronchial affection for more than seven years, and having found great relief by submitting myself to Dr. ABORN'S treatment for a few days only, I take pleasure in saying Dr. ABORN, with his new and improved instruments for local application to the lungs, air passages, eyes and ears, should encourage all who are afflicted in those parts to cherish a lively hope that they may find quick and permanent relief.
Very truly,
JAMES A. JOHNSON, M. C.

It is now over six years since Hon. James A. Johnson was cured by Dr. ABORN. He has gained twenty pounds in weight, and has had no traces of the catarrh or bronchitis since—this speaks well for the permanency of the cures effected by Dr. ABORN.

From Hon. S. O. Houghton, Member of Congress, California.

SAN JOSE, November 22d, 1869.

I have been afflicted with severe nasal catarrh for two years, which a few months since extended to my throat, producing a distressing cough and seriously impairing my health generally. I have been under the treatment of Dr. ABORN for about three weeks, and have been already greatly relieved—my cough has almost disappeared, and my health greatly improved. By one application Dr. ABORN relieved me of severe neuralgic pain, and with four applications it was entirely cured. S. O. HOUGHTON, M. C.

By reference to Hon. S. O. Houghton's card it will be apparent that it is now over six years since he was treated by Dr. ABORN. He claims that he was permanently cured after a few months' treatment, and has had no return of the complaints since.

Ftom Hon. John Covode, Member of Congress, Pennsylvania.

WASHINGTON, D. C., June 12th, 1868.

For more than a year I suffered inconvenience from deafness and a constant sounding in my ear. On the 21st of May I applied for relief to Dr. ABORN. He relieved me at once, and from that day to this I have had no difficulty of any kind with my hearing.
Truly, JOHN COVODE, M. C., PA.

☞ Dr. ABORN can be consulted at the Backman House, Los Angeles, for about two weeks, commencing September 25th.

TASTELESS MEDICINES.

A PROMINENT NEW YORK PHYSICIAN lately complained to Dundas Dick & Co. about their Sandalwood Oil Capsules, stating that sometimes they cured miraculously, but that a patient of his had taken them without effect. On being informed that several imitations were sold, he inquired and found his patient HAD NOT BEEN TAKING Dundas Dick & Co.'s.

What happened to this physician may have happened to others, and Dundas Dick & Co. take this method of protecting physicians, druggists and themselves, and preventing OIL OF SANDALWOOD from coming into disrepute.

Physicians who once prescribe the Capsules will continue to do so, for they contain the PURE OIL in the BEST AND CHEAPEST form.

Dundas Dick & Co. use more Oil of Sandalwood than all the wholesale and retail druggists and perfumers in the United States combined, and this is the sole reason why the PURE OIL is sold cheaper in their Capsules than in any other form.

OIL OF SANDALWOOD is fast superseding every other remedy, sixty Capsules ONLY being required to insure a safe and certain cure in six or eight days. From no other remedy can this result be had.

DUNDAS DICK & CO'S SOFT CAPSULES solve the problem, long considered by eminent physicians, of how to avoid the nausea and disgust experienced in swallowing, which are well known to detract from, if not destroy, the good effects of many valuable remedies.

TASTELESS MEDICINES.—Castor Oil and many other nauseous medicines can be taken easily and safely in DUNDAS DICK & CO'S SOFT CAPSULES. NO TASTE. NO SMELL.
